San Francisco, July 2.—The twelfth day of the great strike on the Southern Pacific system closes with not a wheel turning in Northern California. At Sacramento, Oakland, San Jose and this point the situation is unchanged. The Southern Pacific managers are utterly help-less and appear to be making no effort to resume traffic.

Leaders of the strikers in Oakiand say there will be no organized revietance of the troops, but they openly declare that the strikers have resolved to conduct a guerrilla warfare.

Losing Ground in Los Angeles. Los Angeles, Cal., July 2.—The strikers are apparently losing ground at this point. The Santa Fe road dispatched another overland train this morinns, and nearly all of the Santa Fe local trains arrived and departed on schedule time. The Southern Pacific company is also running many of its local passenger trains and today made up a train for the east and one for Santa Barbara. Both trains will be dispatched tonight or tomorrow morning. A large number of deputy marshals have been armed with rifes and ordered to report tomorrow morning to guard the passing of a passenger train north to San Francisco. The crowds at the railroad depots are gradually growing smaller. Los Angeles, Cal., July 9.-The strik

There have been found communications between Mare Island and the department at Washington, sealed ones were sent to the United States ship Thetis and it is believed the intention is to utilize the marine guards of both the Monterey and Thetis although, owing to the great secrecy observed, it is difficult to get the facts.

"They expect to commence operations tomorrow morning. The total number of trains that moved today was equal to the total moved in the past four days. It is true that trains have been guarded to prevent their being molested, but the action of the military toward the mobs and rioters during the pust two days has had a most salutary effect. The president's proclamation, together with General Miles' orders, have produced excelent results. All the lines of railway expect to show for better results. The men who have replaced the strikers are good men, and satisfactory to the lines that have employed them."

President Debs, of the American Railway union, when seen by an Associated Press reporter, said:

"We are stronger than ever. Nothing can break our forces but usurpation and tyranny. I am threatened with arrest. What for? For organizing labor. We say to the capitalist Here is our labor and these are our terms. This is legalified in the spirit of the age. Mr. Have meyer organizes a Sugar trust, and says to the public Here is my susar and these are my terms. He has polluted the mational legislature. I have acted honorably and have committed no crime. The United States authorities are bringing themselves into contempt by their wanton violation of law and the constitution. The common people are beginning to understand this. Capital ansists upon looking upon labor as it did upon slavery—that it has no right like capital, to ask or exact terms. This is the principle of slavery. I want to call the attention of the people of this country to this. The Pullman strike, which while acute, is not the underlying cause of this trouble. The people of this country are paying over \$5,00,000 at day in interest. This is draining productive industry of its profit and pilling up money in the money centers. What old England failed to do with soldiers in the eighteenth century, she is doing now with the gold standard. Over \$30,000,000 acan year goes there to pay interest. We are not responsible for the lawless element and loze of property. Not even disciplined armles have been able to prevent this element from rising. We ask the public to be patient while labor stands with its back at the door that leads to serf-dom, and says to its oppressors: Thus far and no further." It is better to lose a little now than more in the end and with it constitutional liberty.

A Marked Improvement. Chicago, July 9.-Reports from the

various roads having terminals in Chirago, as issued by the General Managers' association today, showed passen ers association today, showed pussen-ger trains were being received and sent out on nearly all of the lines. A suf-ficient number of freight trains to care for the traffic offered were run. Tracks were, however, heavily patrolled by police and troops.

More Reassuring.

Birmingham, Ala., July 9.-The situation, tonight, is more reassuring. Freight trains on two of the heretofore embargoed roads are running.
